Ground Floor Plan

High Quality Array of Shopping Facilities.

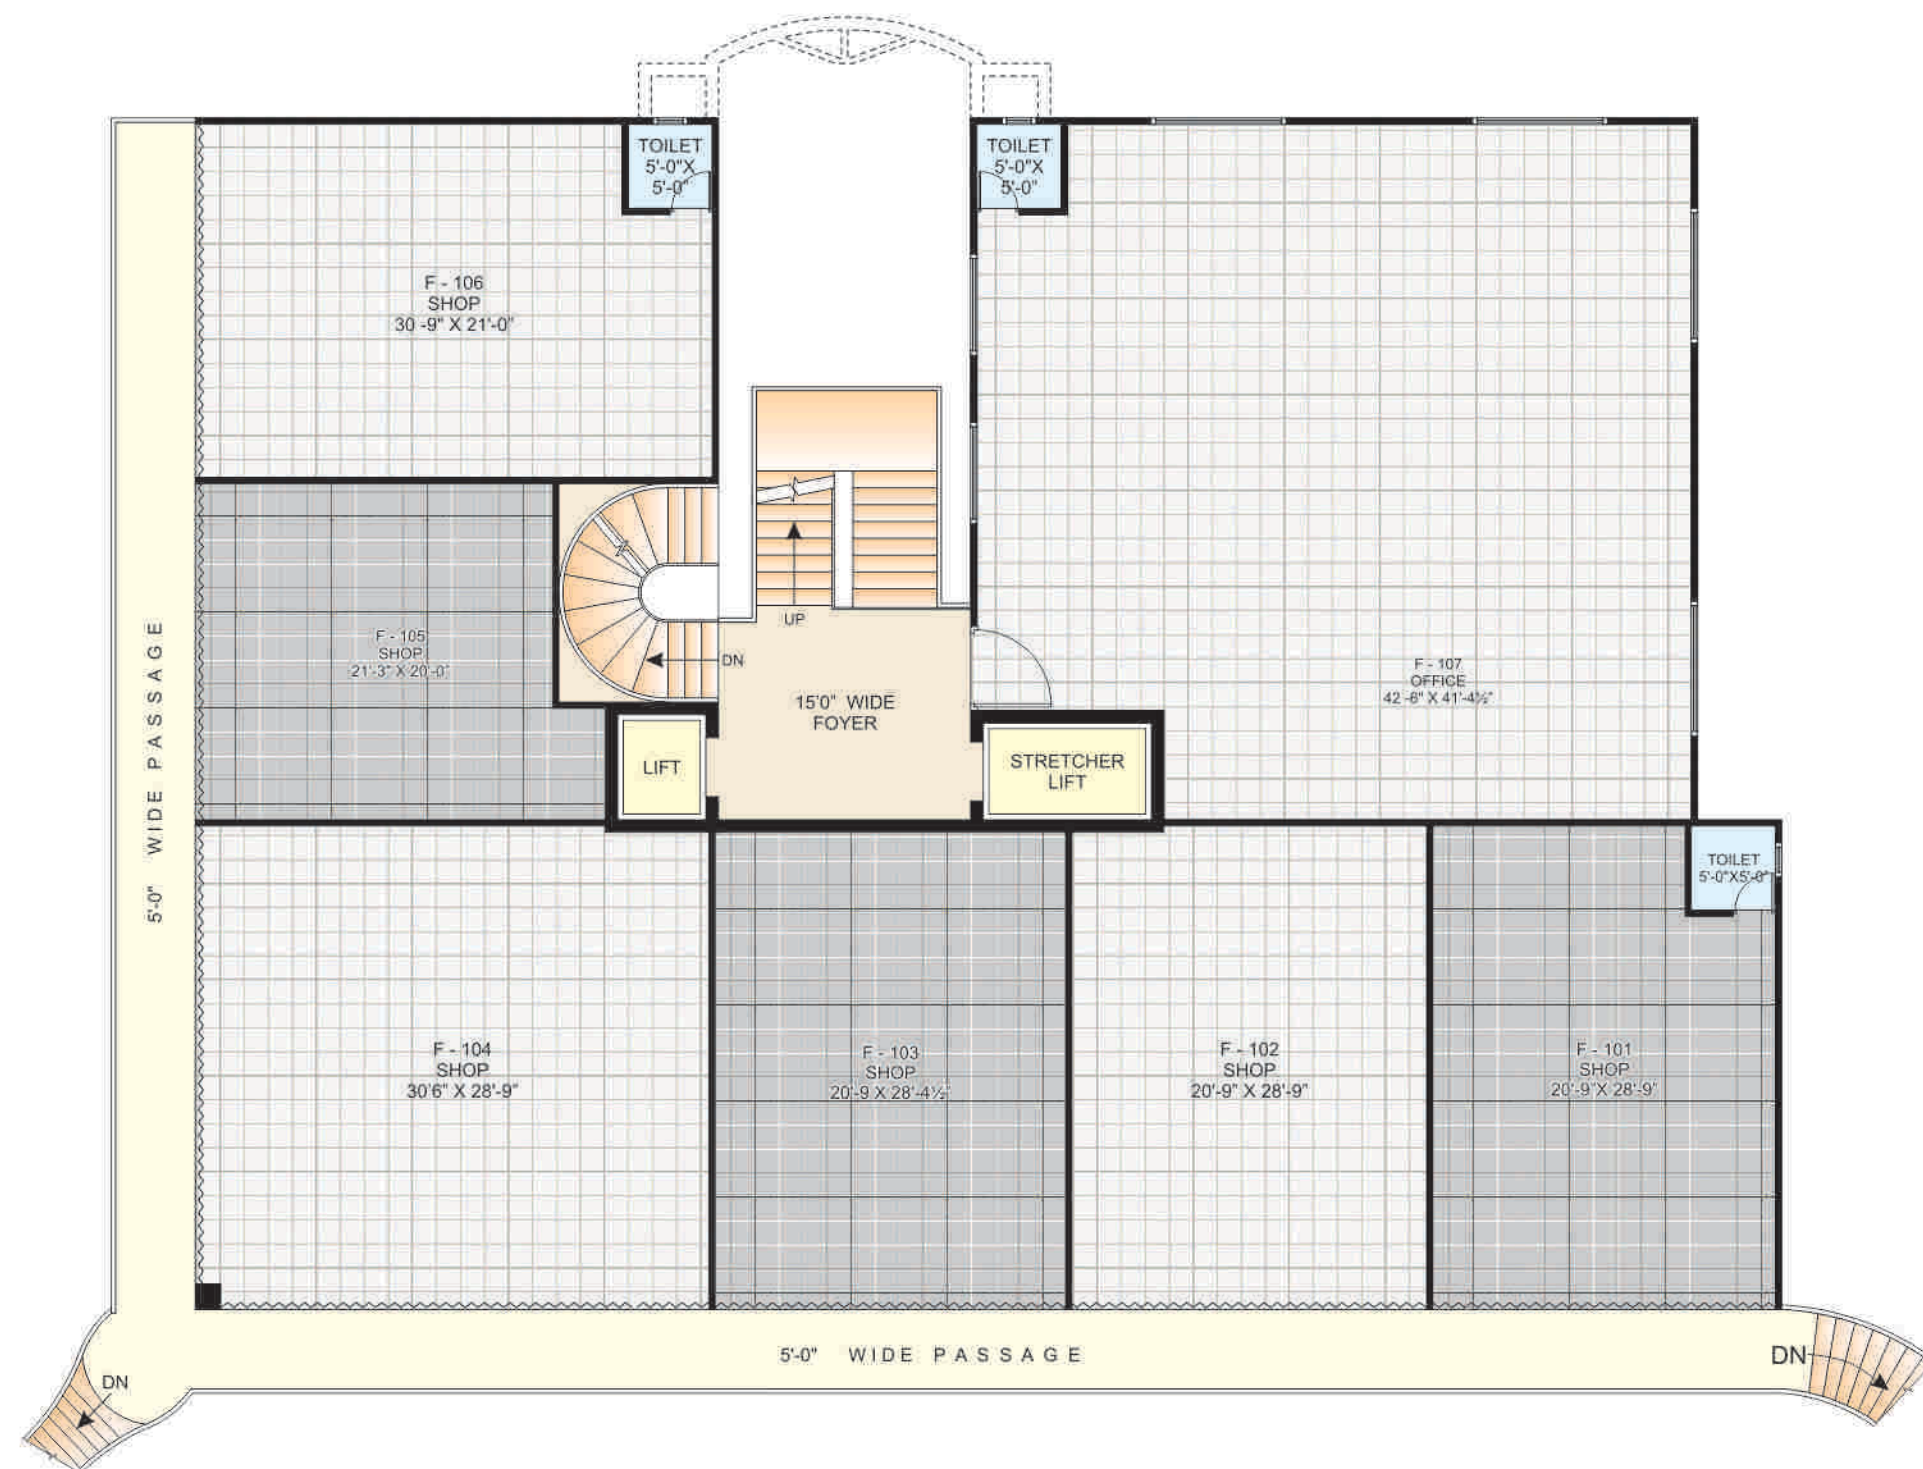

The Architecture of commerce here by defines the transmission between public & Private Spaces.

Shopping Centre

In the developing place like Adajan there is a huge requirement of big shopping complexes & retail outlets. Shops which are blessed by accurate architecture & basic facilities are ready to beat any business complex in the city. The end less shopping where you can get every thing from top to bottom, you have a chance to shop for any possible things at just one and same place. Shopping complex which will be end of your all needs.

First Floor Plan

Your Vision Our Support.

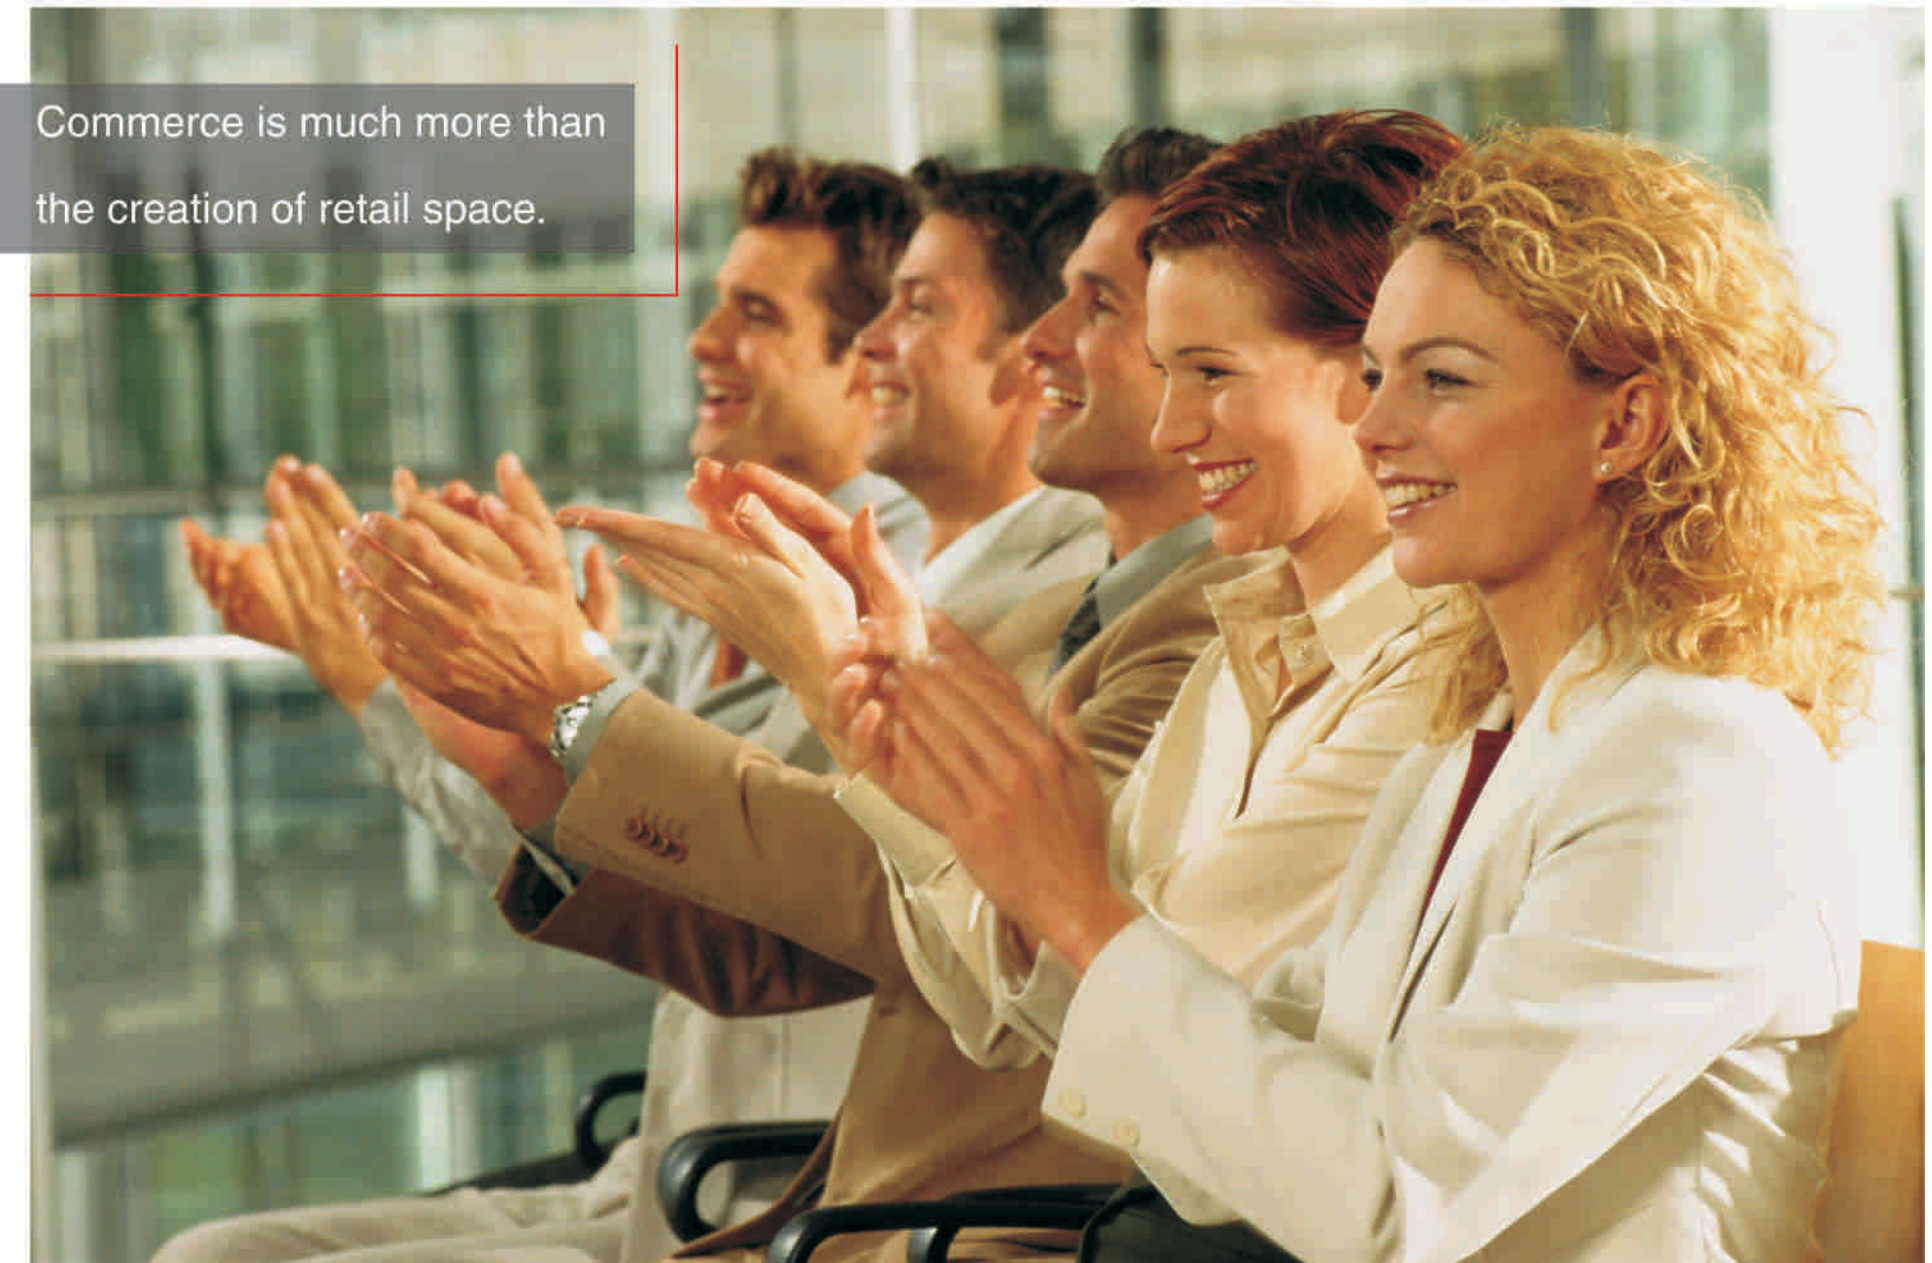

Perfect Place For Widening Your
Horizon.

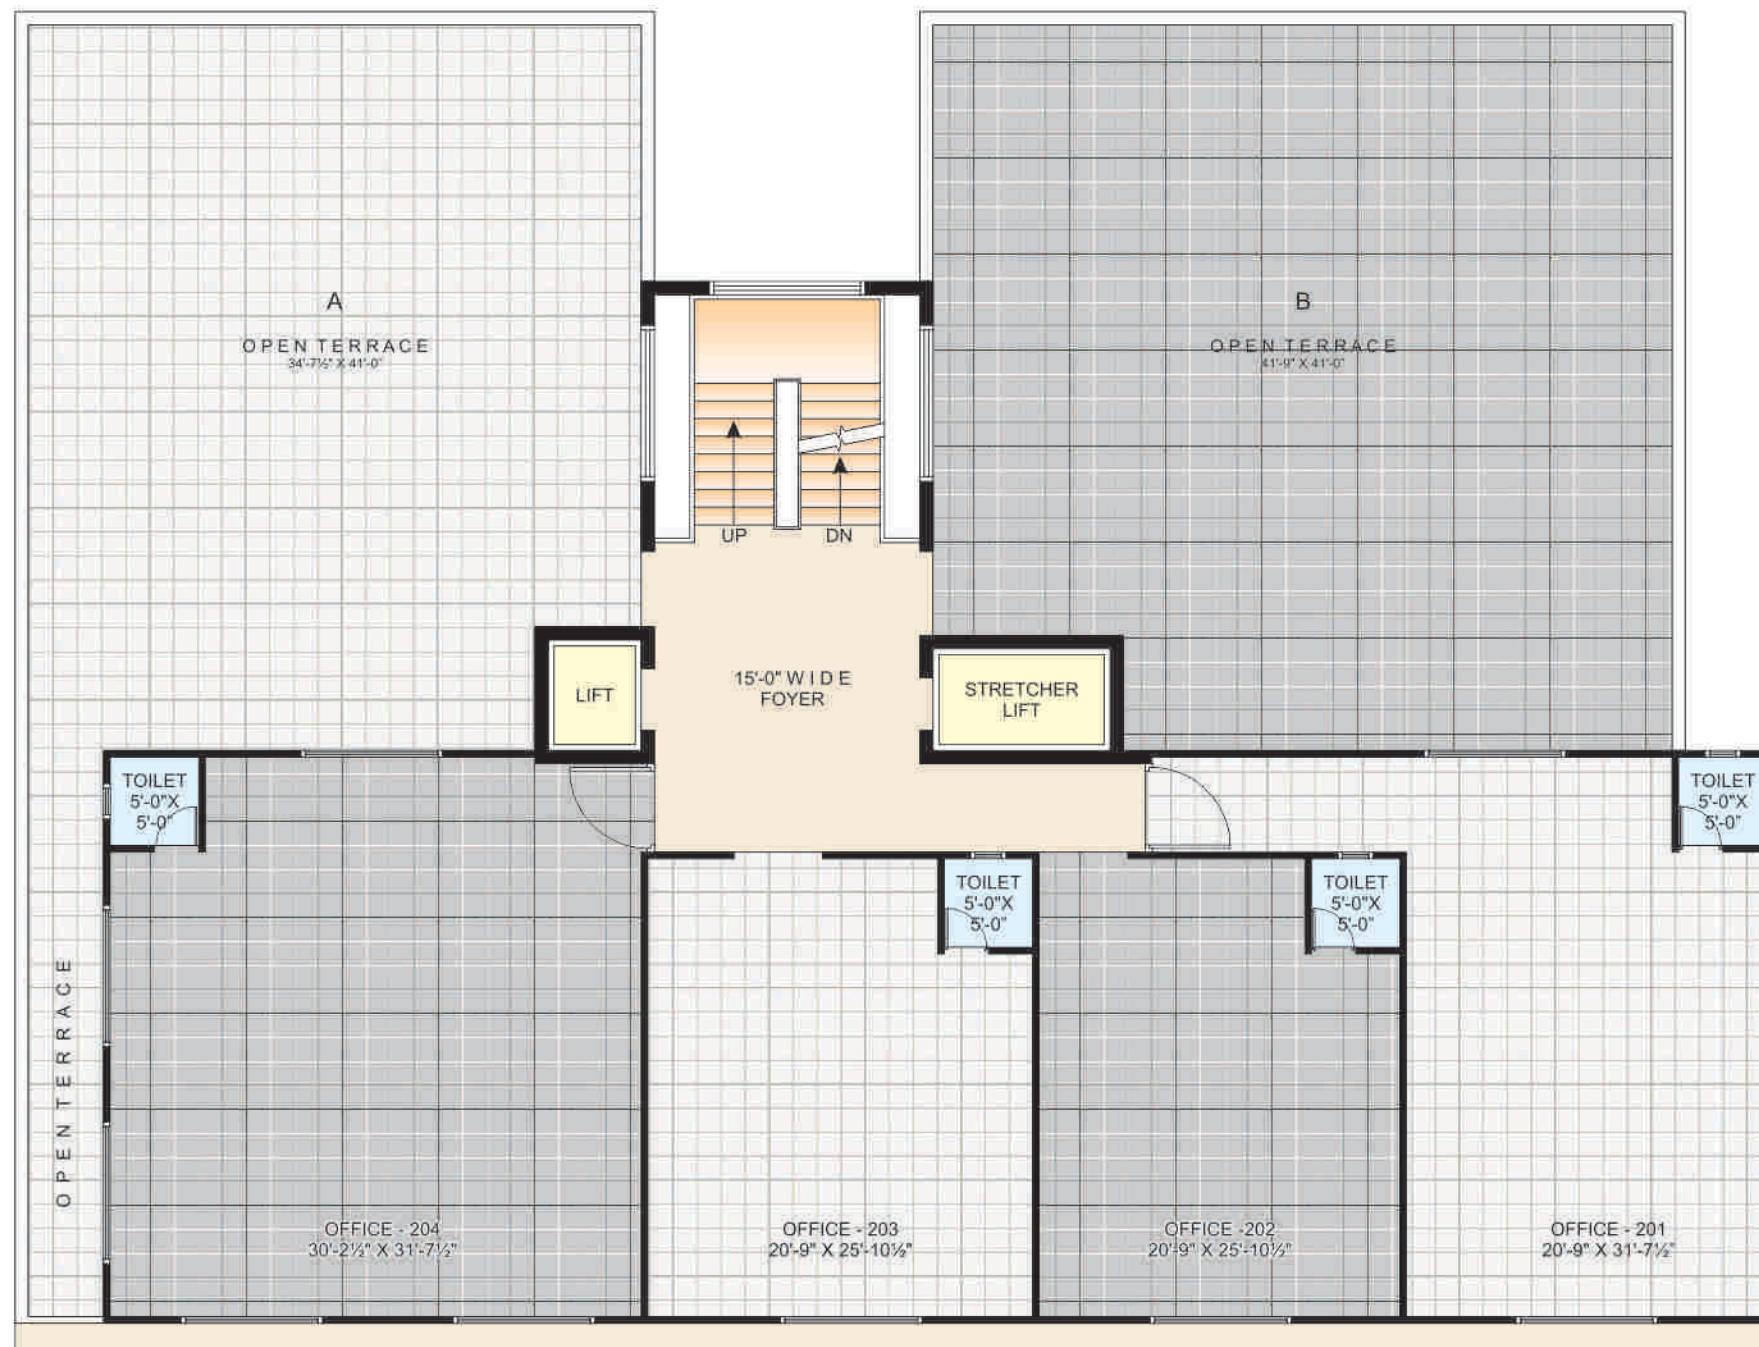

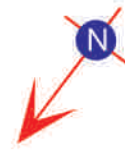

Business Center

8 floored business centers are ready to become the capital of industries. Close distance from industries like kribhco, Essar, Reliance, GAIL, ONGC, etc will become the blessing for this place. Enough space, basic facilities, good location will become the perfect place for the growth of clinics & hospitals. Structure & location of the project will create a great professional atmosphere, where you can see how your business is growing.

Commerce is much more than
the creation of retail space.
